

## ViaroHealth.com Accessibility Statement

Last Updated: 10/04/2023

At Viaro we are committed to ensuring that our website is accessible to all individuals, regardless of their abilities or disabilities. We strive to adhere to the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA to make our website as user-friendly and inclusive as possible.

### Accessibility Features:

1. **Alternative Text for Images:** We provide descriptive alt text for all meaningful images to assist users with screen readers.
2. **Keyboard Navigation:** Our website can be easily navigated and operated using only a keyboard, ensuring that users who rely on keyboard input can access all content and functionality.
3. **Clear and Consistent Layout:** We maintain a clear and consistent layout throughout the website, making it easier for users to understand and navigate.
4. **Resizable Text:** Users can adjust the text size using browser settings to suit their preferences without loss of content or functionality.
5. **Accessible Forms:** All online forms are designed to be accessible, including appropriate field labels and input instructions.
6. **Skip to Content:** A "Skip to Content" link is provided at the beginning of each page to allow users to bypass repetitive navigation menus and go directly to the main content.
7. **Video Accessibility:** Where applicable, we provide closed captions for videos to assist users with hearing impairments.
8. **Consistent Navigation:** Our website navigation is designed to be consistent and predictable, helping users to easily locate and move between different sections.

### Feedback:

We welcome feedback from our users regarding the accessibility of our website. If you encounter any difficulties or have suggestions on how we can improve accessibility, please contact us at [marketing@viarohealth.com](mailto:marketing@viarohealth.com)

Accessibility is an ongoing commitment, and we are dedicated to continuously enhancing the user experience for everyone. We will regularly review and update our website to maintain our accessibility standards.

#### Accessibility Standards Compliance:

We have conducted accessibility testing on our website and have made efforts to comply with WCAG 2.1 Level AA guidelines. While we strive to meet these standards, we acknowledge that some areas of the website may still require improvement.

We are actively working to address these issues.

#### Third-Party Content:

Our website may include content from third-party sources or links to external websites. We cannot guarantee the accessibility of such content, but we encourage users to report any accessibility issues encountered while accessing third-party content through our website.
